REQUITAL AND OTHER FAST HORSES TO MEET JOHN E. MADPEN'S FAMOUS COLT.

Admirets of high-class sport ought to visit the Sheepshead Bay track of the Coney Island Jockey Club in large numbers to-day, because the programme is one of the most attractive in the entire history of the club. The third race on the card will history of the Flight Stakes, at seven furlongs, and in that be the Fight Stakes, at seven furiongs, and in that race John E. Madden's magnificent two-year-old colt Hamburg. by far the best two-year-old in America this year, will meet Requital, winner of the Fraurity in 1855 and winner of the Realization in test. Deputies here 1896. Requital has been receiving a special prepara-tion for this race and is said to be now in as good tion for this race and is said to be now in as good condition as he was when he wen the Futurity and the Realization. Hamburg is so far superior to every other two-year-old in the country that his owner wishes to see how he will run against Requital and other horses of great speed which are older than Hamburg. Mr. Madden never seeks to conceal Hamburg's trials, and the splendid colt received his trial in the presence of several trainers and other turfmen on Monday. conceal Hamburgs: trials, and the splendid colt received his trial in the presence of several trainers and other turfmen on Monday. Carrying 112 pounds, he ran seven furlongs in 1284, a wenderful trial. The first furlong was covered in 112 seconds; the guarter-mice in 22 seconds; the three-eighths in 35 seconds; the half-mile in 474, seconds, the five-eighths in 1294, three-quarters in 114, and the seven furlongs, as aircady said, in 1284, Hamburg's speed for the first haif-mile was so stupendous that he tited in the last furlong, which was run in the slow time of 144, seconds. But Hamburg has won all his races with amazing flights of speed in the first half-mile. After that first half-mile he could always gallien bome at his leisure, because he has taken away both the breath and the speed of all antasonists in all his winning races. He has been defeated only once, in the first part of the Double Event. But then he was muscle sore and stiff, having caught a cold, and he did not show his true speed.

Bequited has marvelous speed also.

Bequited has marvelous speed also.

Be speeded that Trish Reel, with 102 pounds; Ramiro II, with 103. Hondo, with 105, and possibly Foling Dutchman, with 125, may run in the Flight Stakes, as well as Hamburg and Requital, but Flying Dutchman is marked as a doubtful starter.

The regular scale of weights at seven furlongs in September, when horses of different ages meet, is as follows: For two-year-olds, 89 pounds; for three-year-olds, 179 pounds; for horses four years off or more, 125 pounds. ON THE CHARTER OAK TRACK.

ALCIDALIA GUTSTRIPS HER COMPETITORS IN THE

2:12 TROTTING CLASS. Hartford, Conn., Aug. 31 .- Every race at Charter

Oak Park to-day was a battle, although two of them were won in straight heats. Even in those races the finishes were close and the leaders had trouble in shaking the other horses off their heels. Alcidalia, owned by Waldo T. Pierce, of Boston, furnished the surprise of the day by winning the 2:12 trot in str ignt heats, with such horses as Grace Hastings, Fred Kohl, Queechy and Fred B. in the field. Grace Hastings was picked out to win the race, out she was not in the best of moods. In the third heat, however, after starting far behind the others, she closed up the gap and gave the winner a hot chase to the wire.

Forrest Herr also behaved rather badly, except in the first and fourth heats, and thus yielded the in the first and fourth fields, and thus yielded the pacing race to Passing Belle, who widently has considerable speed.

The three-year-olds furnished three spirited finishes, but there was an impression that American Belle, the winner, had a few links of speed which she was not compelled to show. Thorne and Timberel set the pace for her and gave her three lively brushes coming home. The summaries:

Still, the Cincinnati teams always manage to quit about this time of the year, and their present tobogganing exploits are no surprise to the people who have made baseball a study.

As the Baltimere team won only one game, and as the Boston-Chicago game was a draw, the local team makes a slight gain on the leaders in the League race. Rusie pitched in the first game at the Polo Grounds yesterday, and, while his curves were hit rather freely at times, he was fortunate in scattering the hits so that they did not do much damage after the first inning. In the second game Meekin held the visiting batsmen at his mercy throughout, and the home players won as they pleased. Bristenstein had little of the speed or con-trol which formerly made him effective, and his curves were batted in every direction. The scores:

ALDERMEN. THE MAYOR MAY SIGN THE NEW RULES OF THE

ROAD ORDINANCES PASSED BY THE

ROAD TO-DAY-"LON" PECK THE STARTER-R. C. W. NEWS-TOO MUCH

> SPRINKLING ON SECOND-AVE.-NOTES AND COMMENTS.

The proposed road ordinances suggested by the New-York Consulate of the L. A. W. and indersed by the Law Committee of the Board of Aldermen, after hanging fire so long, were passed by the Board of Aldermen, with two amendments, yesterday. The Mayor is likely to sign them, so that they will become a law to-day. The articles referring to the trundling of bleyeles on the sidewalk and compelling owners to have lights on trucks were thrown out. Still there is no law to prevent cyclists from trundling their wheels on the sidewalk, and they can continue to do so, as they have done heretofore. The letter of Mayor Strong. sent in yesterday to the Board of Aldermen, is

"I return herewith amendment ordinances of your honorable body providing 'Rules of the Rond.'
In doing so I want to express my hearty approval
of the ordinances, with the exception of the objections mentioned below. I think the ordinances wise, and that they will prove to be in every way commendable, and I should be delighted to approve them if the two alterations could be made as I suggest.

"First-I think that trucks should be excluded from Section 2 of Article V. To compet trucks to carry lights would be nothing short of a hard-

from Section 2 of Article V. To compare to carry lights would be nothing short of a hardship, especially as thousands of truckmen would be compelled to provide themselves with I ghts who do little business at night; and furthermore, the constant folling of the heavy loaded vehicles over rough pavements would often put out the lights, thereby causing ho end of inconvenience.

"Second—I do not believe in that portion of Article VIII which makes it hawful for wheelmen to trundle their vehicles along the chewalk in single file. I am of opinion that such a law would op n the way for abuses, and would in the long run do more barm than good to the wheelmen's cause. I would favor changing the last clause of Article VIII so as to make it read as follows: Nothing in this cridinance hail rrevent mers of theve os or triceveles from trundling such vehicles along the side walk, if said vehicles he so broken as to render them useless for riding, but they must in all such the separceed in single file."

The other amendment sent in by the Mayor was an appended: "Resolved. That Section 3 of Article as a proceed in single file."

The other amendment sent in by the Mayor was an appended: "Resolved. That Section 3 of Article Road' be amended so as to read 'Each and every vehicle, excenting licensed trucks, using the public streets or highways of this city shall show from one hour after sunset until one hour before sunring so as to be seen from the front and each side, such light or lights to be of sufficent illuminating power to be visible at a distance of 300 feet. Lights shall show white in front, but may be colored on the sides."

Springfield sets a standard of excellence, as it has duce the days of Hendee and Rowe, in perfection of race meet management. Some idea of the speed with which the races are run off may be judged from the fact that last year at Hampelen Park from the fact that last year at Hampelen Park, they ran off over fifty trial heats inside of three bours. The main credit for this belongs to the stirrter, "Lon" Peck, of the Massachusetts Bleyele club, who has started the men at these meets for many years. In their desire to assure an ideal meet the Quill Club Wheelmen have secured him to start the \$2.50 handbeap at Marhattan Beach and the other races that will be run there next Saturday and Labor Day. The ten-mile club handicap of the Kings County

Wheelmen will probably be held on September 25c and it is expected that at least thirty-five members will take part. The scratch men in this rac will be Relyen, Earl. Laws, George, Caccavajo, an will be Relyea, Earl Laws, George Caceavajo al-Wise. The sight these men will make for the tim-prize will be worth going many miles to see. Th-lowling fever is again showing its hand amon-the Kings County Wheelmen nembers all co-whem are looking forward to the cool weather-when they can begin practice in the club alleys.

Jersey Division of the League of American Wheel-men the annual State championship meet will be held in Newark this year. Taken altogether, the play was unsatisfactory, the links being wet and slow, especially on the new course. When the eld course was reached, although it was in better condition, the players, in most cases, could not recover their best form. During the afternoon a stiff south wind was blowing, but without effect on the play.

The attendance of spectators was not large, and the social side of the tournament not prominent, The match is for a sliver loving-cup, standing about fourteen inches high. The original list of entries included fifty names

MEDALS OF HONOR AWARDED. Washington, Aug. 31.—The President has approved the award of the following medals of honor: W. H. H. Benyaurd, now lieutenant-colonel of and a half miles behind Walters, who thus won the gold vase.

Ware and Forbes were beaten by Hond and Sudlong. As Fischer and Whitman easily disposed of
Sheldon and Avery in the other semi-final matches, these two teams will meet in the final to-morrow. Fischer was beaten by Forbes in the handicap, but the former was tired from his long match
with Budiong and the double match he had also
played. In the handicap singles Forbes and Whitman will fight it out in the finals, the former conceding odds of one-half fifteen to the latter. The
scores follow:
Open singles, semi-final round—W. S. Bond beat L. E.
Ware.
Handicap singles, third round—J. D. Forbes (owe 30)
beat R. E. Avery (owe 15), 7—5, 6—4; E. P. Flacher (owe
